There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. The Mayor reported that he had collected during the past month \$22.15 for licenses issued.

The School Fund received last month from fines and taxes \$31.20.

Building permits were allowed the following—

May V. Wilson, a frame addition to residence in West Front street, Third Ward.

Vice Dean, a coalhouse and stable combined, size 12x22 feet, on lot in Front street, Fifth Ward.

W. C. Clinger, one-story toolhouse on lot in Dunbar alley and Cottage street, Sixth Ward.

Salie S. Wood, a one-story addition to frame cottage in Strawberry alley, Fifth Ward.

W. A. Schatzmann, a coalhouse on premises, No. 605 East Second street, Fifth Ward.

The officers' salaries, together with claims allowed, were ordered paid.

Bills amounting to \$68.15 were presented and allowed and ordered paid.

The total amount paid out on account of the East End sewer to date was \$9,345.30.

Louis Joerger was refunded \$13.75 taxes paid on property belonging to Ball, Mitchell & Co., on Second street extension erroneously assessed to him.

The City Physician reported the Almshouse in good condition and the inmates properly cared for.

John J. O'Donnell was allowed \$80.60 for collecting back taxes.

Mrs. Alice Payne returned thanks to Council for a new cooking range recently purchased for the Almshouse and intimated that at no late day she would have members of Council as her guests at a feast in order that they might judge of its cooking qualities. An invitation of this kind is never turned down by the wise Solons.

Dr. Yazell, City Physician, read a paper in regard to the filthy condition of the alley in the rear of Senator Cox's residence, which stated that the property owners of same had been notified of the condition and that they refused to pay any attention to same. The matter was put in the hands of the Proposition and Grievance Committee with power to act.

The City Attorney was ordered to proceed in the matter of the Ort pavement and compel the owners to have same raised and fixed.

A. Schaeffer, as representative of the Water Company, entered a strenuous kick in regard to the Street Commissioner using fire plugs in securing water for making mortar and the construction of the streets. It seems that the fire plugs are in a bad condition and need looking after.

An ordinance was read authorizing the Mayor to issue \$12,000 in sewer bonds. The rules were suspended and the ordinance placed upon its passage. The same was unanimously adopted as read.

It was ordered that a division fence between the property of Mrs. Lida C. Rogers and the lot in the rear of the Opera-house be erected and the cost of same be equally divided between the city and Mrs. Rogers.

The matter of placing an incandescent light under the walk at the C. and O. crossing over Bridge street was placed in the hands of the Light Committee with power to act. The same order was made in regard to a light being placed at the Third street entrance of the alley near the residence of Hon. J. N. Kehoe.

The City Attorney was instructed to prepare an ordinance, to be read at the next meeting of Council, increasing Street Commissioner Ben Smith's salary from \$40 to \$50 per month.

The matter of a light being placed at the head of Patton alley in Third street was referred to the Light Committee.

A doctor bill of \$13 for services rendered David W. Wallingford, who was seriously injured some four weeks ago by driving a pick through his foot while employed in digging the sewer trench, was placed in the hands of the Mayor with power to act.

The election of police officers was next in order and Messrs. P. Ryan, Harry Ort, Thomas Senteney and Randolph Frost were placed in nomination and elected by a unanimous vote.

Dr. Yazell as City Physician, Mrs. Alice Payne as Almshouse Keeper were unanimously re-elected. John McCabe was elected Town-clock Keeper and Nick Gollenstein was elected Guard of City Prisoners. The election was perfect, the whole matter having been settled at Friday night's caucus, as stated in the Saturday LEDGER.

Nothing further appearing the meeting closed in peace and harmony.

The third session of the Fifty-eighth Congress began yesterday. The calendars of both Senate and House show that many important measures are pending that may be called up and passed. The business is left over from the session which closed on April 28th, when 2,290 bills, resolutions, etc., passed the House, leaving 468 to be disposed of. The total number of laws enacted by the present Congress up to date is 2,160, or about 700 more than the previous record.

The decision of the Court of Appeals of the Hoe-Bennett case, according to The Louisville Times, "was a great surprise to the parties tested." We think not, says The Louisville Post. The facts were plain. The law before this been clearly interpreted. The surprised were men who boast that they "vote for Democrats" regardless of the result. It is not so with the Court of Appeals. It says the man who has the highest number of votes is entitled to the certificate, and in this position no longer creates surprise even to Democrats.

The caption, "The Decision in the Hoe-Bennett case," says the Louisville Evening Post remarks—"The Court of Appeals declined to issue a mandatory injunction requiring the election in two counties to count and certify as usual."

was read by Judge Nunn. It

will have a most beneficent effect throughout the state. It is another evidence that partisan passion does not control the judiciary. The Court is, to use the language of the day, "Democratic;" that is, a majority of the Judges were nominated by the Democratic party, but they serve the people of all parties, and in their decision command respect for the will of the people expressed at the polls.

"The facts of the case were plain enough. The votes in certain counties the officers failed to certify. The Courts were asked merely to instruct these ministerial officers to perform their duties. The order was issued. The Court of Appeals was asked to set it aside.

"It is evident," says the Court, "that these votes were cast for the plaintiff, BENNETT, and that he is entitled to them."

"The result of the contest and the decision is that the plaintiff receives a certificate which accords with the facts.

"It might be well for the manipulators of election returns, for the negligent officers, for the men who conspire to commit fraud, to ponder this decision and recent decisions of the Courts.

"If the people will do their duty; if they will go to the polls and vote, the Courts of Kentucky will see to it that the votes are counted as cast.

"This is great gain. The assumption that party necessity would control our Courts must be abandoned. The law controls our Courts, and if party leaders want to fill the offices they must get the votes.

"A fair election can be held under any law if the law be enforced. When violated appeals should be made to the Courts. Let the people take courage. The violators of the law grow bold only when the people are indifferent. Fair elections are worth striving for, and in the strife the Court of Appeals will be the final arbitrator."

BEAUTY OF SKIN
PURITY OF BLOODAncient and Modern Ideas on
These Interesting
Subjects.

UP-TO-DATE METHODS

For Purifying and Beautifying
the Skin, Scalp, Hair
and Hands.

Socrates called beauty a short-lived tyranny, Plato a privilege of nature, Theophrastus, a delightful prejudice, Theophrastus a silent cheat, Carnades a solitary kingdom, Homer a glorious gift of nature, Ovid a favor of the gods. Aristotle affirmed that beauty was better than all the letters of recommendation in the world, and yet none of these distinguished authorities has left us even a hint of how beauty is to be perpetuated, or the ravages of age and disease defied. Time soon blights the lily and the rose into the pallor of age, disease dots the fair face with cutaneous disfigurements and crimson the Roman nose with unsightly flushes, moth, if not rust, corrupts the glory of eyes, teeth, and lips yet beautiful by defacing the complexion, and fills the sensitive soul with agony.

If such be the unhappy condition of one afflicted with slight skin blemishes, what must be the feelings of those in whom torturing humors have for years run riot, covering the skin with scales and sores and charging the blood with poisonous elements to become a part of the system until death?

It is in the treatment of torturing, disgusting humors and affections of the skin, scalp and blood, with loss of hair, that the Cuticura remedies have achieved their greatest success. Original in composition, scientifically compounded, absolutely pure, unchangeable in any climate, always ready, and agreeable to the most delicate and sensitive, they present to young and old the most successful curatives of modern times.

In the United States Court at Covington Saturday two suits were filed for the settlement of an estate valued at about \$75,000, owned by the late John Gray, consisting of more than half a block of business property in Covington and 5,100 acres of land in Lewis county.

The plaintiffs in both suits are Daisy Gray Endsley, granddaughter of John Gray, and her husband, Andrew Doak Endsley, Tarentum, Pa.

In the Lewis county case some of the defendants mentioned are Robert D. Wilson, William C. Halbert, Charles Probst, Jr., and E.C. Howland of Vanceburg.

The suit is pertaining to two tracts of land containing 4,996 and 104 acres, the defendants claiming a mineral interest in the 104 acres.

CARELESSNESS

Coroner Says Caused the C. and O.
Wreck at This Point

At the inquest held yesterday by Coroner Wood, he finds from the testimony of witnesses, as well as the admission of brakeman Melv I himself, that he alone was responsible for the awful tragedy occurring in the C. and O. yards yesterday morning whereby a human life was snuffed out and another maimed for life, if he does not yet die from his terrible injuries.

Yesterday's LEADER told the pathetic yet gruesome story of how the men were virtually caught in a trap, the unfortunate fireman being pitched forward in such a manner that his feet entered the open door of the furnace and in his pinioned condition were literally burned off.

Engineer Herbert Gregory was caught and held in a manner that the only way to extricate him was to amputate his foot as he dangled from the side of his engine.

Gregory, the injured engineer, lives in Covington, where he is now being cared for. The dead fireman boarded in Covington but his parents reside in Dayton, O., where the remains were shipped.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds, which speedily developed into the worst kind of grippe with all its insupportable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Kneads and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, adding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These Tablets promote a healthy action of the bowels, liver and kidneys, which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all Druggists.

Mrs. Haskell, Worthy Vice Templar, Independent Order Good Templars, of Silver Lake, Mass., tells of her cure by the use of Lydia E. Pinkham's Vegetable Compound

"DEAR MRS. PINKHAM: Four years ago I was nearly dead with inflammation and ulceration. I endured daily untold agony, and life was a burden to me. I had used medicines and washes internally and externally made up my mind that there was no relief for me. Calling at the home of a friend, I noticed a bottle of Lydia E. Pinkham's Vegetable Compound. My friend endorsed it highly and I decided to give it a trial to see if it helped me. It took patience and perseverance for I was in bad condition used Lydia E. Pinkham's Vegetable Compound for nearly five before I was cured, but what a change, from despair to happiness! The delightful exhilarating feeling health always brings. I not change back for a thousand dollars, and your Vegetable Compound grand medicine."

"I wish every sick woman would try it and be convinced."—HASKELL, Silver Lake, Mass. Worthy Vice Templar, Independent Good Templars.

When a medicine has been successful in more than cases, is it justice to yourself to say, without trying it, believe it would help me?

Surely you cannot wish to remain weak, and discouraged, exhausted with each day's work. You derangement of the feminine organism, and Lydia E. Vegetable Compound will help you just as surely as I.

Mrs. Tillie Hart, of Larimore, N. D.,

"DEAR MRS. PINKHAM: I spared many months of suffering had known of the efficacy of I ham's Vegetable Compound sooner, for I tried many remedies anything which helped me Vegetables Compound. I dread of the menstrual period meant much suffering and the flow was very scanty and fuse, but after I had used two months I became regular I continued until I felt parts were strengthened without assistance and patient woman now, where be live, and I am pleased to your Vegetable Compound Sincerely yours, Mrs. Tillie Hart."

Be it, therefore, believe, who are ill that Lydia E. Pinkham's Compound is the medicine should take. It has stood the test and it has hundreds of thousands to its credit. Women should consider it unwise to use any other medicine. Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women. Perhaps she has just the knowledge that will help your case—try her to-day—it costs nothing.

A Certain Cure for Croup.

When a child shows symptoms of croup there is
no time to experiment with new remedies, no
matter how highly they may be recommended.
There is one preparation that can always be de-
pended upon. It has been in use for many years
and has never been known to fail, viz., Chamber-
lain's Cough Remedy. Mr. M. F. Compton of
Market, Tex., says of it: "I have used Chamber-
lain's Cough Remedy in severe cases of croup
with my children, and can truthfully say it al-
ways gives prompt relief." For sale by all Drug-
gists.

THAT'S THE LEDGER.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns over-
flow with the advertisements of busi-
ness men has more influence in at-
tracting attention to and building up a
city or town than any other agency
that can be employed. People go where
there is business. Capital and labor
will locate where there is enterprising
community. No power on earth is so
strong to build up a town as newspa-
pers well patronized, and this power
should be appreciated."
